YourCatsAndDogs

For safe, secure and stress-free pet sitting experience

By Philip Yaroshchyk

What problem are we solving?

Imagine: You have a pet and you need to travel. You just booked your trip.

Q: What is the next hardest thing before you travel?

A: Organising care for your pet animal.

Guilt or awkwardness?
Pick one!

How are we solving it?

YourCatsAndDogs will be a platform that brings together pet owners and pet sitters by focusing on nurturing long term business relationships between pet owners and sitters, which is ensured by 3 key features coordinated by the app:

- Safe and secure home provided by the pet owners
- High quality services are provided by trusted and verified pet sitters
- Pet sitting providers are well compensated for their services, which ensures their long term commitment to **YourCatsAndDogs**

YourCatsAndDogs and competition.

- **Meowtel** (best for specialised cat care)
- **Cat in a Flat** (largest community support)
- **TrustedHousesitters** (best for free long-term care)

Are those good? **Absolutely.**

Do they solve our problem? **Not entirely.**

Why? **They focus on immediate needs, not long term business partnerships.**

How are we different from them? **YourCatsAndDogs focuses on fostering of long term pet owner - pet sitter partnerships. Seamless, safe, mutually beneficial.**

Product Features (I)

- **Secure user access**: Access limited to authenticated users.
- **Pet Owners Onboarding**: Secure profiles which include their personal details verification, their pet type and care needs and location.
- **Pet Sitters Onboarding**: Secure profiles which include their experience, personal details verification, clear rate information and location.
- **Fair Rating System**: Trusted rating system applied to both pet owners and pet sitters to help both parties, which includes:
  - Star-based rating.
  - Detailed reviews.

Product Features (II)

- **Search**:
  - Ability to search and sort qualified pet sitters in your area based on their experience, personal rating, and service cost.
  - Ability to search and sort pet sitting opportunities based on their location, animal type and owner's personal rating.
- **Problem Reporting and Feedback**: Mechanism that allows pet owners or sitters to report inappropriate behaviour or any other problems encountered during the owner-sitter business engagement.

Coming soon!

YourCatsAndDogs is coming Term 3, Week 3, Friday August 7, 8:30am
